# **Fairgrounds Nashville Will Remain Closed to Indoor Events Through July**

NASHVILLE- Last week Mayor John Cooper announced that Nashville will enter Phase 3 on Monday, June 22. Given the updated phasing guidance with maximum event attendance or crowd size of 250 people, the July Flea Market and expo events scheduled for July at the Fairgrounds will not be held.

“We understand that things will have to run differently once we reopen and our staff is working on those new procedures. While we are encouraged that Nashville has advanced to another stage in its reopening plan, we remain vigilant out of concern for the health and safety of our guests and staff,” said Fairgrounds executive director Laura Womack.

All changes to event schedules will be posted on our event calendar at <http://thefairgrounds.com/events/>.
